Thursday 14th July

Dear prime Minister,

Closure of beds at Aldeburgh Cottage Hospital
Suffolk

If an elderly person did not know how to drive
and they were very ill they would have to catch

a bus all the way to Ipswich hospital. Would you
like to do that? It does take an hour. Lots of

old people live down my road and any of them

can start getting ill so again they would have to

catch the bus to Ipswich hospital. Old people
are getting confused and angry! My Grandma just

went to Aldeburgh hospital to have a little checkup

But if there was not any beds there left then

She would have to go all the way to Ipswich

just for a little checkup on her leg!

When she would of returned she would of
been very tired after travelling.

SO GET THE BEDS BACK
NOW! THIS IS IMPORTANT!

Yours Sincerely

Ellie Grace Doubleday

Dear Dr. Ball

We've seen your story in the paper and we support you all the way through the battle and were on your side because all people wouldn't be able to cope with going on the bus all the way to Ipswich. The people will be very tired when they get off the bus and they will be very hot and bothered from being in the surgery. So please **KEEP THE BEDS OPEN!**

Yours Sincerely

Shannon

Dear Tony Blair, If you cut more
beds more poeple Loose there Jobs.
They will become Beggars Because of you.
So Stop it NOW! Nearly every
Year something Bad happens.

Yours sincerely
Liam Murphy

GIVE US
BACK OUR
Beds

Dear Mr Blair
Bed closure at Aldeburgh Hospital

Why are you closing 16 beds?
Old people go to that hospital.
I am disgusted. If you close 16 beds
old people will have to go all the
way to Ipswich hospital. Please stop
it now.

Yours sincerely
Lewis Staff

Dear Prime minister

I am very upset about the bed
closure at Aldeburgh cottage Hospital.
If an elderly person fell down the stairs
they would have to go all the way to Ipswich
and the person might die on the way.
**IT MAY NOT BE IMPORTANT TO YOU
BUT IT IS TO ME !**
PLEASE KEEP 36 BEDS OPEN

Your sincerely
Lucy Scott
